

Department of Medicine

Clinical Lung Transplant Pulmonologist Department of Medicine University of Calgary – Alberta Health Services

Alberta Health Services, Department of Medicine, in conjunction with the University of Calgary invites applications for a full-time clinical Respiriologist with expertise in the care of lung transplant patients.

Job duties include:

- 60% clinical service in all areas of outpatient lung transplant assessment and post-transplant care (except immediate post-op care) as well as inpatient care of transplant complications.
- 25% clinical service in all areas of general Respiriology including ambulatory care, pulmonary function test interpretation, hospital inpatient and consultation (including weekend and weeknight call), bronchoscopy and other procedures.
- 5% of time will be spent in education in the Division of Respiratory Medicine and Department of Medicine (Fellowship and Resident Training) and the Cumming School of Medicine (Undergraduate Medical Education).
- 10% of time will be spent in clinical research.
- Be an integral part of the Respiratory Medicine team in Calgary, utilizing strong collaborative skills to support and contribute to the overall clinical, research and education mission of the Section.

Qualifications include:

- MD, FRCPC (Respiratory Medicine)
- Minimum 1 year specialized training (fellowship or equivalent) in lung transplant medicine
- Clinical post-training experience as an attending respirologist caring for lung transplant patients is a definite asset
- Eligibility for licensure in the province of Alberta
- Established reputable excellence in clinical care and teaching of medical students and residents

Please submit your curriculum vitae, cover letter and names of three references by October 31, 2018 to:

Dr. Ward Flemons
Section Chief, Respiratory Medicine
Room 4C70, Health Research Innovation Centre
3280 Hospital Drive NW,
Calgary, Alberta T2N 4Z6
Email: sandy.hafez@ahs.ca

NOTE: Final paragraph of cover letter;

1. Are you legally entitled to work in Canada - Yes/No
2. Are you a Canadian citizen or a permanent resident of Canada? - Yes/No

The physician is responsible for purchasing health and insurance benefits. In partnership with the Alberta Medical Association, AHS helps facilitate the retention benefit program for physicians. This program is used to encourage retention by giving physicians a financial incentive if they billed more than \$80,000 in clinical income the previous calendar year and are still working as of January 1 of the current calendar year.

Alberta Medical Association's Continuing Medical Education (CME) program reimburses physicians for expenses incurred during education sessions through an agreement between the Alberta Medical Association and Alberta Health. The annual allotment of \$2,562.50 carries forward for three years.

Alberta Health Services operates five teaching hospitals in the city of Calgary, including the new South Health Campus acute care facility. AHS serves 1.8 million residents of Southern Alberta, Southeastern British Columbia and Southwestern Saskatchewan. The Department provides academic and clinical services in an integrated manner across all of the hospital sites and in several ambulatory care settings.

The University of Calgary is a leading Canadian university located in the nation's most enterprising city. The university has a clear strategic direction to become one of Canada's top five research universities by 2016, where innovative teaching and groundbreaking research go hand in hand, and where we fully engage the communities we both serve and lead. The strategy is called *Eyes High*, inspired by our Gaelic motto, which translates to 'I will lift up my eyes'.

To succeed as one of Canada's top universities, where new ideas are created, tested and applied through first-class teaching and research, the University of Calgary needs more of the best minds in our classrooms and labs. We're increasing our scholarly capacity by investing in people who want to change the world, bringing the best and brightest to Calgary to form a global intellectual hub and achieve advances that matter to everyone.

Named a cultural capital of Canada and one of the best places to live in the world, Calgary is a city of leaders - in business, community, philanthropy and volunteerism. Calgarians benefit from one of the strongest economies in the nation and enjoy more days of sunshine per year than any other major Canadian city. Calgary is less than an hour's drive from the majestic Rocky Mountains and boasts the most extensive urban pathway and bikeway network in North America.

Alberta Health Services and the University of Calgary believe that a respectful workplace, equal opportunity and building a diverse workforce contribute to the richness of the environment for teaching, learning and research, and provide faculty, staff, students and the public with a university that reflects the society it serves.

All qualified candidates are encouraged to apply; however Canadians and permanent residents will be given priority.
In this connection, at the time of your application, please answer the following question: Are you a Canadian citizen or a permanent resident of Canada? (Yes/No)
