## **Academic Position in Endocrinology Department of Medicine Cumming School of Medicine**

The Department of Medicine (<http://www.departmentofmedicine.com>), in the Cumming School of Medicine, University of Calgary and Alberta Health Services (<http://www.albertahealthservices.ca>) invites applications for a position with research focus on improving access, health care and outcomes for socially vulnerable populations with Diabetes and metabolic diseases at the rank of assistant professor.

Qualifications required include a MD, certification in Internal Medicine, eligibility for regular or special licensure in the Province of Alberta, sub-specialty certification in Endocrinology and well documented interest in the area of improving access, health care and outcomes for socially vulnerable populations with Diabetes and metabolic diseases. The candidate is expected to adhere to the Alberta Health Services Bylaws and the Royal College of Physicians and Surgeons of Canada Code of Conduct.

The successful candidate will be involved in research activities and would participate in teaching at the University of Calgary in undergraduate and postgraduate clinical and academic programs. The position will have 75% protected time for research.

The candidate must show evidence of a proven record of excellence in research as demonstrated by scholarly publications and the ability to compete successfully for funding. At the assistant professor level, this will entail the publication of at least 30 peer reviewed papers, with the majority as 1<sup>st</sup> or senior author.

Duties will include providing clinical care at the inpatient and outpatient Endocrinology Service.

Remuneration will be via the alternative funding program and the University of Calgary. The value of remuneration will be based on a formal pay level grid used in the alternative funding program in Alberta. This funding is competitively valued. The position is a full time FTE.

The University of Calgary is Canada's leading next-generation university – a living, growing and youthful institution that embraces change and opportunity with a can-do attitude. Located in the nation's most enterprising city, the university is making tremendous progress on its Eyes High journey to be recognized as one of Canada's top five research universities, grounded in innovative learning and teaching and fully integrated with the community it both serves and leads. The University of Calgary inspires and supports discovery, creativity and innovation across all disciplines. For more information, visit [ucalgary.ca](http://ucalgary.ca).

Calgary is one of the world's cleanest cities and has been named one of the world's most livable cities for years. Calgary is a city of leaders - in business, community, philanthropy and volunteerism. Calgarians benefit from a growing number of world-class dining and cultural events and enjoy more days of sunshine per year than any other major Canadian city. Calgary is less than an hour's drive from the majestic Rocky

Mountains and boasts the most extensive urban pathway and bikeway network in North America. Interested candidates should submit a cover letter, academic CV, a statement of clinical and research interest and funded projects (not to exceed 2 pages) and three (3) letters of reference by January 31, 2019 to:
