### Think you rock at PPE?

- Prove it! PPE simulations strongly recommended! <https://cumming.ucalgary.ca/cme/courses/PPE>
- Top performers will be rewarded with lower infection transmission rate to themselves, patients and families.
- 39 MDs already completed PPE training over the weekend
- Plan to train 135 MDs by the end of this week (April 10.20)

### Ready to hit the wards?

- Educational toolbox is up and available for all members here: [https://www.departmentofmedicine.com/covid-19/Professional\\_Development\\_list.php](https://www.departmentofmedicine.com/covid-19/Professional_Development_list.php)
- AHS Insite page is stuck in approvals queue...we may take an alternate path. TBD.

### Your feedback helps us prioritize!

- Based on feedback from the frontlines, we have reconciled the ED COVID pager issue.
  - 1) COVID pagers renamed INTERNAL MEDICINE COVID ADMISSIONS PAGER at each site.
  - 2) Admissions process has been clarified. THIS IS ONLY A DRAFT YET TO BE FINALIZED.
  - 3) CPG Working Group working on an admissions + rounding checklist and eScript templates.

**KEEP GIVING US FEEDBACK – we listen!**

### What are we working on?

We are developing care pathways between ICU and COVID units for patient decompensation as well as transfers out of the ICU – that is standardized across 4 sites. We need an efficient ICU transfer process given ventilator scarcity.  
ED – Admission process and flows and integration with Hospitalist colleagues

### Nudge your MD friends who can help!

Calgary Zone-wide enlistment tool just launched, which is dedicated for non-DOM MDs but integrated with ours. Send this link to your non-DOM MD friends: [www.calgarymdcovidresponse.ca](http://www.calgarymdcovidresponse.ca)
